View My Team Roster

To view your team's default roster, click on the gray 'View My Roster' button

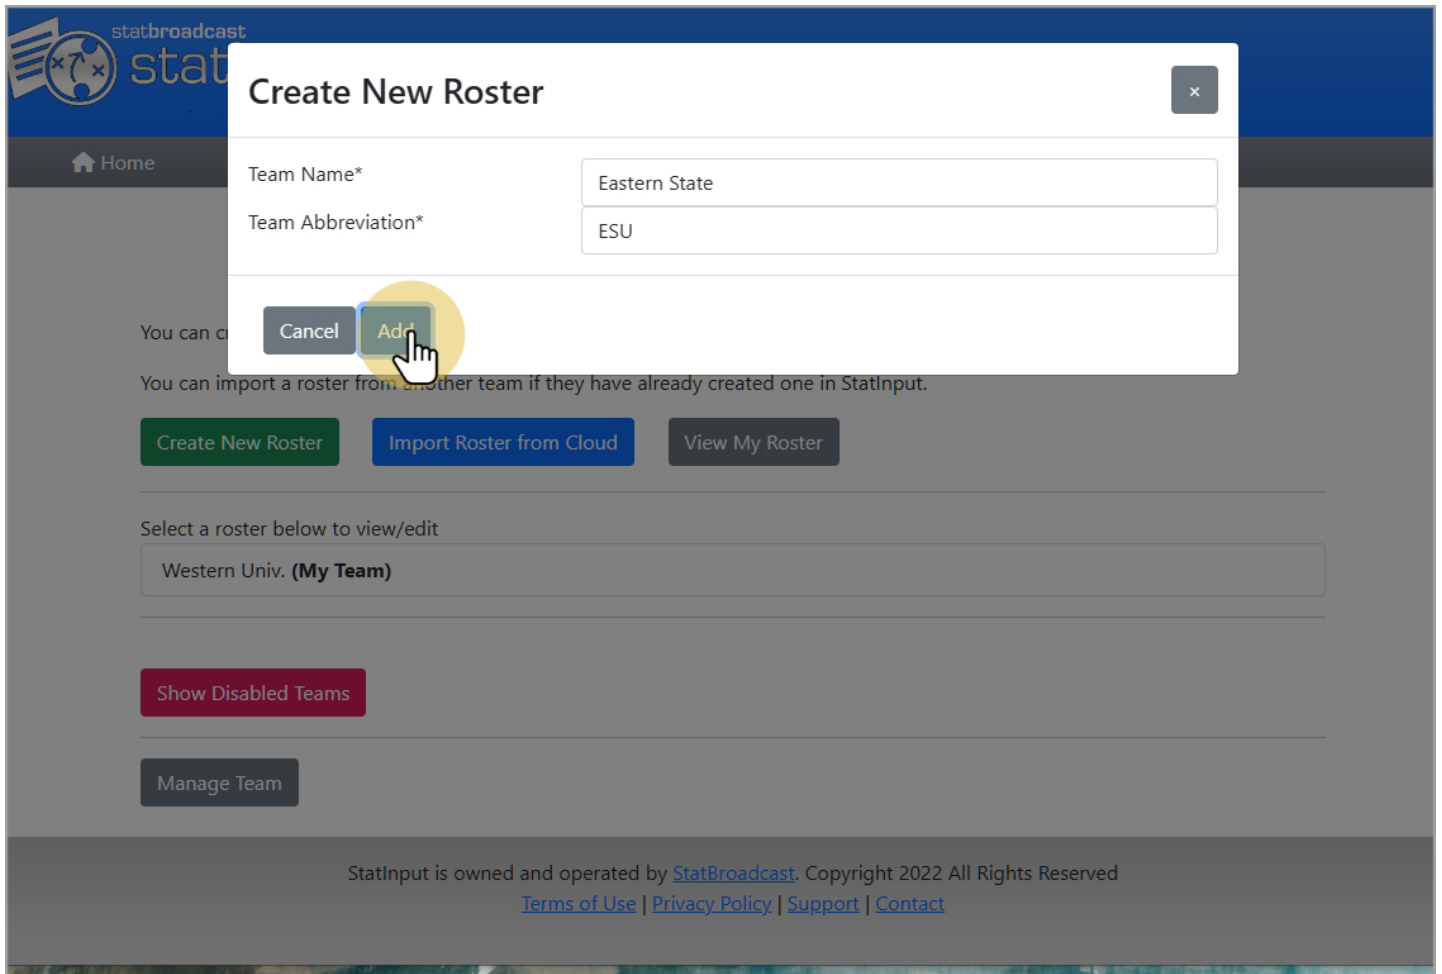

The screenshot shows the StatInput interface for managing rosters. At the top, there is a blue header with the StatInput logo and navigation links: Home, Manage Team, Logout, and User Guide. The main heading is "Manage Rosters: 2023 Western Univ. Mens Tennis". Below this, there are two paragraphs of text explaining roster management. Three buttons are visible: "Create New Roster" (green), "Import Roster from Cloud" (blue), and "View My Roster" (gray). A yellow circle highlights the "View My Roster" button with a hand cursor. Below the buttons, there is a section titled "Select a roster below to view/edit" with a dropdown menu showing "Western Univ. (My Team)". There are also buttons for "Show Disabled Teams" (pink) and "Manage Team" (gray). At the bottom, there is a footer with copyright information and links to Terms of Use, Privacy Policy, Support, and Contact. A URL is visible in the bottom left corner: www.statinput.com.riker/roster.php?roster=63b73b8440323f6e2d0bf...

To create a new roster (for an opponent), click the green 'Create New Roster' button

The screenshot shows the StatInput web interface. At the top is a blue header with the 'statbroadcast statinput' logo. Below the header is a navigation bar with links for 'Home', 'Manage Team', 'Logout', and 'User Guide'. The main content area is titled 'Manage Rosters: 2023 Western Univ. Mens Tennis'. It contains two paragraphs of text: 'You can create and store opponent and other team rosters here for use in games/matches.' and 'You can import a roster from another team if they have already created one in StatInput.' Below the text are three buttons: a green 'Create New Roster' button with a hand cursor icon, a blue 'Import Roster from Cloud' button, and a grey 'View My Roster' button. A horizontal line separates these buttons from a section titled 'Select a roster below to view/edit', which contains a dropdown menu with 'Western Univ. (My Team)' selected. Below the dropdown is a red 'Show Disabled Teams' button. Another horizontal line is below this, followed by a grey 'Manage Team' button. At the bottom of the page, a grey footer contains the text: 'StatInput is owned and operated by StatBroadcast. Copyright 2022 All Rights Reserved' and links for 'Terms of Use', 'Privacy Policy', 'Support', and 'Contact'.

You will be prompted to fill in a team name and abbreviation before continuing

Import a Roster from the Cloud

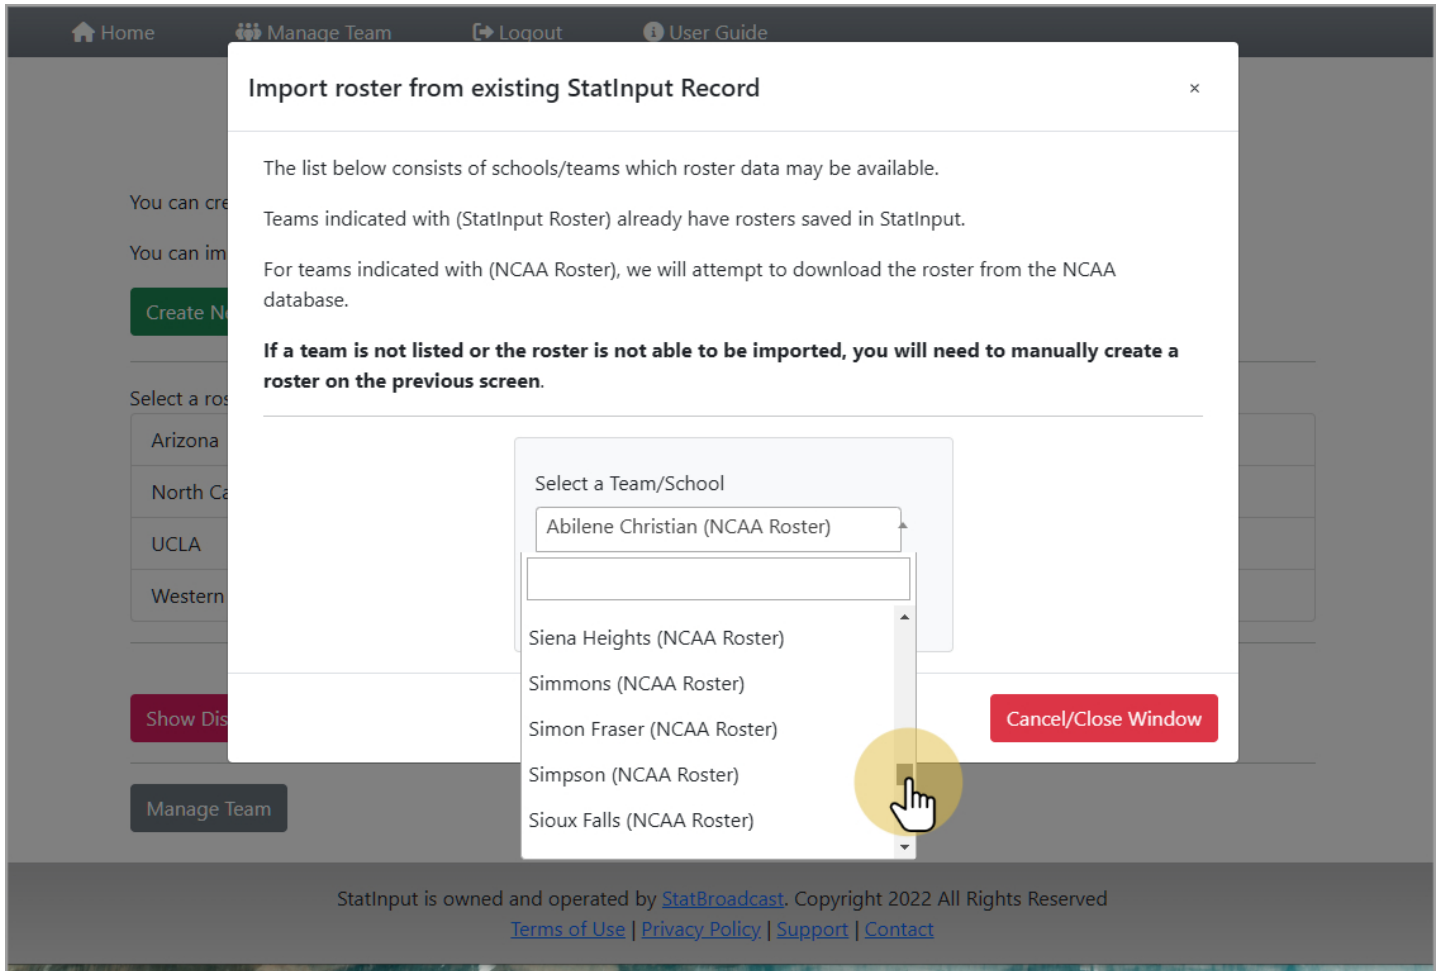

If a team already has a roster created in StatInput or NCAA rosters are available for your sport (excludes tennis and beach volleyball), you can use the blue 'Import Roster from Cloud' to automatically load a new roster.

The screenshot shows the 'Manage Rosters' page for the 2022 Western Univ. Baseball team. At the top, there is a navigation bar with links for Home, Manage Team, Logout, and User Guide. The main heading is 'Manage Rosters: 2022 Western Univ. Baseball'. Below this, there are two paragraphs of text: 'You can create and store opponent and other team rosters here for use in games/matches.' and 'You can import a roster from another team if they have already created one in StatInput.' There are three buttons: 'Create New Roster' (green), 'Import Roster from Cloud' (blue, highlighted with a yellow circle and a hand cursor), and 'View My Roster' (grey). Below the buttons is a section titled 'Select a roster below to view/edit' with a list of teams: Arizona, North Carolina, UCLA, and Western Univ. (My Team). There is a 'Show Disabled Teams' button (pink) and a 'Manage Team' button (grey) below the list. At the bottom, there is a footer with the text 'StatInput is owned and operated by StatBroadcast. Copyright 2022 All Rights Reserved' and links for 'Terms of Use', 'Privacy Policy', 'Support', and 'Contact'. A browser address bar at the very bottom shows the URL 'www.statinput.com.niker/import_team_roster.php?sport=bsgame&g...'.

Copy Untitled

Use the drop down list to find a team to import. Teams marked with '(StatInput Roster)' will import from available data in our cloud; teams marked with '(NCAA Roster)' will attempt to download from the NCAA Master database.

Import roster from existing StatInput Record

The list below consists of schools/teams which roster data may be available.

Teams indicated with (StatInput Roster) already have rosters saved in StatInput.

For teams indicated with (NCAA Roster), we will attempt to download the roster from the NCAA database.

If a team is not listed or the roster is not able to be imported, you will need to manually create a roster on the previous screen.

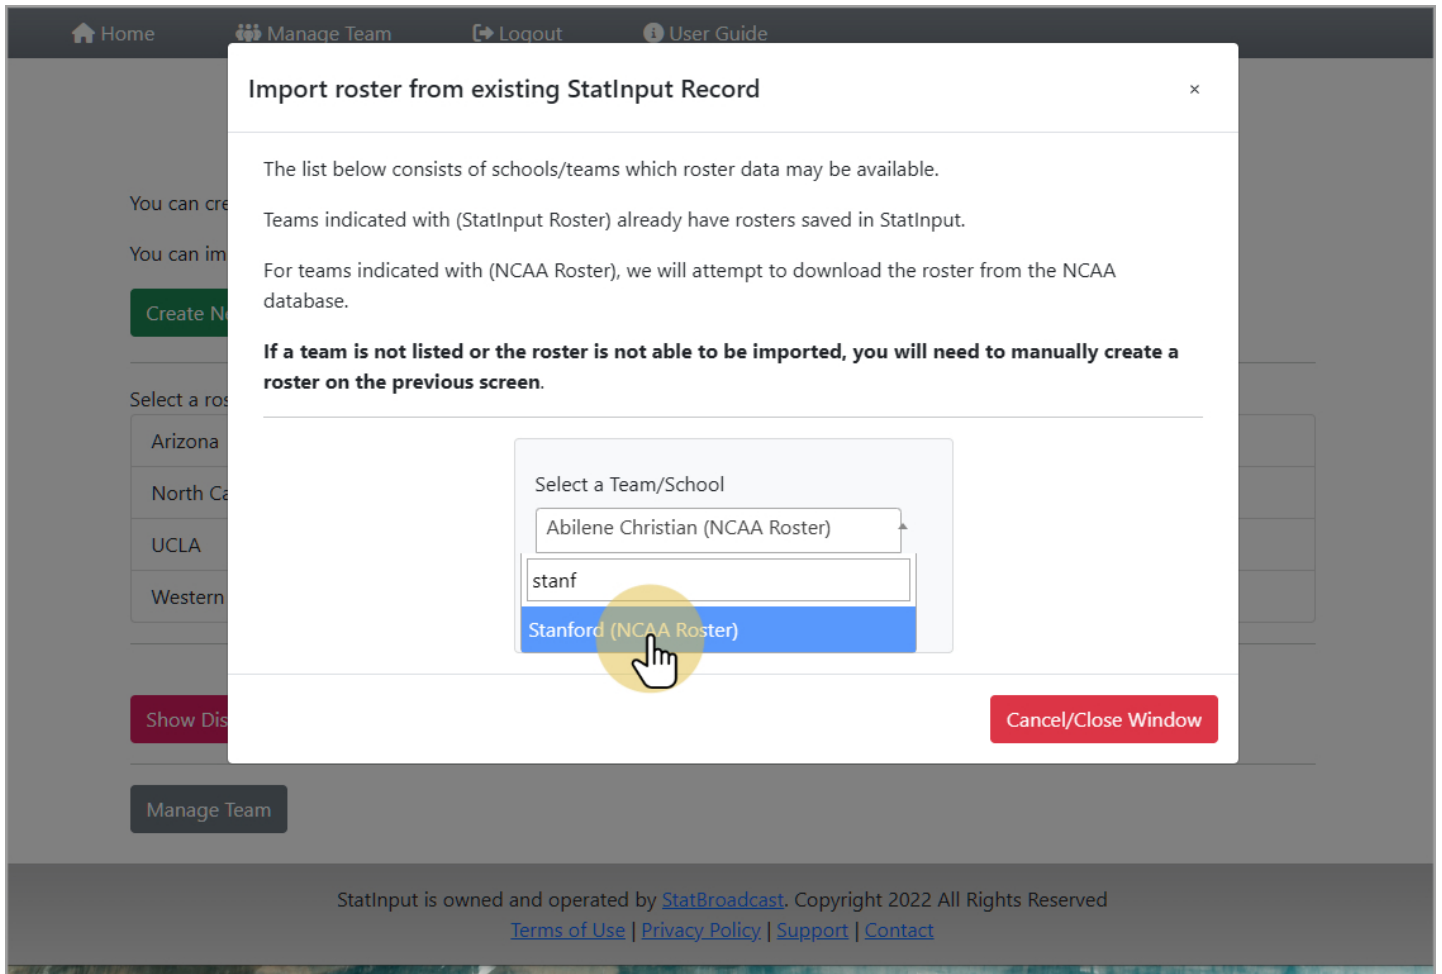

Select a Team/School

- Abilene Christian (NCAA Roster)
- Siena Heights (NCAA Roster)
- Simmons (NCAA Roster)
- Simon Fraser (NCAA Roster)
- Simpson (NCAA Roster)
- Sioux Falls (NCAA Roster)

Click the blue 'Continue' button

The screenshot shows the StatInput web interface with a modal window titled "Import roster from existing StatInput Record". The modal contains the following text:

The list below consists of schools/teams which roster data may be available.

Teams indicated with (StatInput Roster) already have rosters saved in StatInput.

For teams indicated with (NCAA Roster), we will attempt to download the roster from the NCAA database.

If a team is not listed or the roster is not able to be imported, you will need to manually create a roster on the previous screen.

Below the text is a search box labeled "Select a Team/School" with the text "Stanford (NCAA Roster)" entered. A blue "Continue" button is highlighted with a yellow circle and a hand cursor. A red "Cancel/Close Window" button is located at the bottom right of the modal.

The background interface shows a navigation bar with "Home", "Manage Team", "Logout", and "User Guide". A sidebar on the left has a "Create New" button and a list of teams including "Arizona", "North Ca", "UCLA", and "Western". A "Show Dis" button is also visible.

At the bottom of the page, it states: "StatInput is owned and operated by [StatBroadcast](#). Copyright 2022 All Rights Reserved. [Terms of Use](#) | [Privacy Policy](#) | [Support](#) | [Contact](#)"

If roster data was found, you will see the imported players on the Roster Editor screen. You can then adjust the team name or abbreviation as well as any of the player data as needed.
