

statinput

7. Scoring a Tennis Match in StatInput

1. Game Point-by-Point Scoring

StatInput supports point-by-point game scoring as a feature for those who wish to utilize it. Each point in a single game of the set can be tracked.

Point-by-Point scoring is optional; if you wish, you may choose not to use it and simply score sets.

3.1 Set the Order of Finish

To mark a court as finished, you'll need to set the Order of Finish. If you are not specifically tracking order of finish or if a court is abandoned as unfinished, you can simply select 'Finished'. Click 'Save Changes' to update the match.

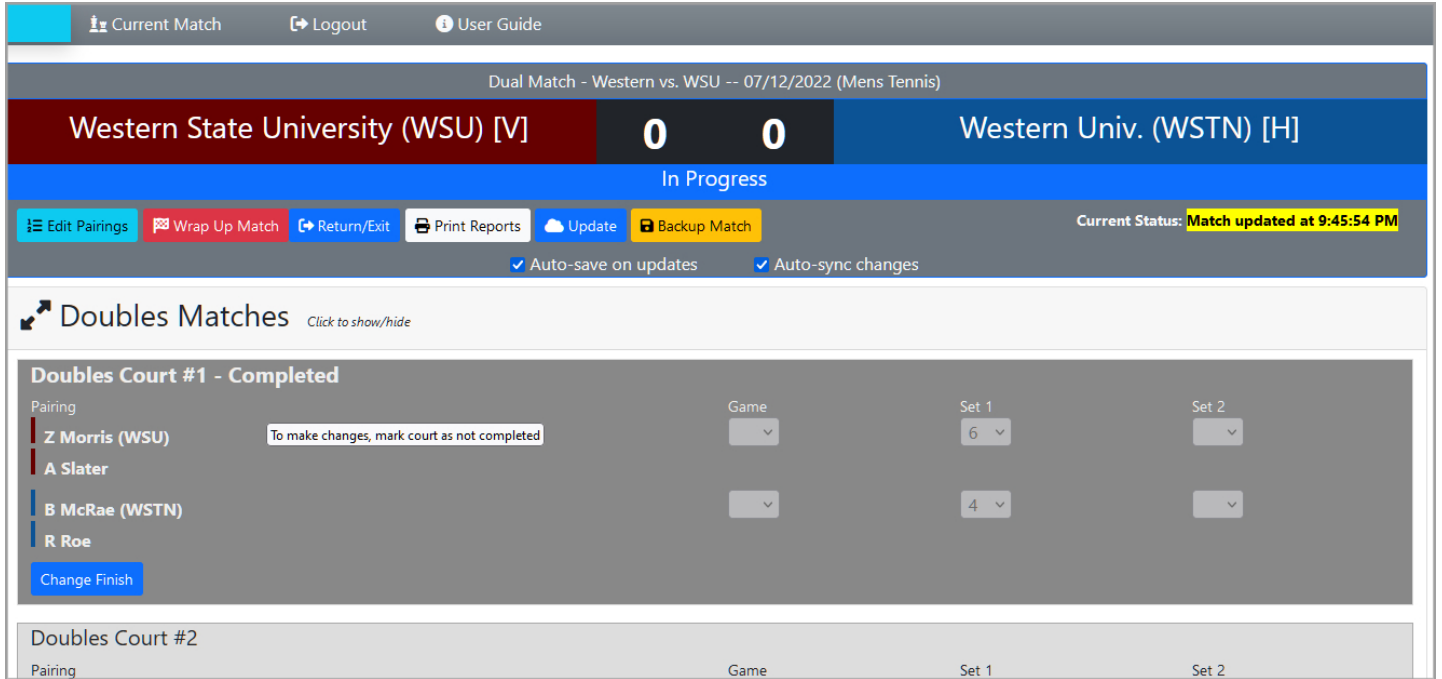

3.2

3.3 Court is marked as completed

If you need to make changes to a finished court, you will need to click the blue 'Change Finish' button and switch the Order of Finish back to 'Unfinished' first; changes cannot be made to a court marked as finished.

The screenshot shows the StatInput interface for a tennis match. At the top, there are navigation links: 'Current Match', 'Logout', and 'User Guide'. The match title is 'Dual Match - Western vs. WSU -- 07/12/2022 (Mens Tennis)'. The teams are 'Western State University (WSU) [V]' and 'Western Univ. (WSTN) [H]'. The score is 0-0, and the match is 'In Progress'. Below the score, there are several action buttons: 'Edit Pairings', 'Wrap Up Match', 'Return/Exit', 'Print Reports', 'Update', and 'Backup Match'. The current status is 'Match updated at 9:45:54 PM'. There are also checkboxes for 'Auto-save on updates' and 'Auto-sync changes'. Below this, there is a section for 'Doubles Matches' with a 'Click to show/hide' link. Under 'Doubles Court #1 - Completed', there is a table with columns for 'Pairing', 'Game', 'Set 1', and 'Set 2'. The pairings are 'Z Morris (WSU)' and 'A Slater' (Game: dropdown, Set 1: 6, Set 2: dropdown) and 'B McRae (WSTN)' and 'R Roe' (Game: dropdown, Set 1: 4, Set 2: dropdown). A 'Change Finish' button is visible below the table. Below this, there is a section for 'Doubles Court #2' with a similar table structure.

Pairing	Game	Set 1	Set 2
Z Morris (WSU) A Slater	▼	6 ▼	▼
B McRae (WSTN) R Roe	▼	4 ▼	▼

4. Stopped/Abandoned Courts

If a court is stopped or abandoned after the match point has been clinched, you can mark either the current set or the next set (if you want to preserve the abandoned score) as 'uf'.

The screenshot shows the StatInput interface for a doubles court. At the top, there are player names: S Powers (WSU), R Belding, J Smith (WSTN), and B Jones. Below them is a 'Change Finish' button. The main section is titled 'Doubles Court #3'. It has a 'Pairing' section with J Spano (WSU) and M Alonzo, and C Martin (WSTN) and P Willis. There are 'Game' and 'Set 1' dropdowns, both set to 0 and 4 respectively. A 'Set 2' dropdown is also present, with a yellow circle highlighting it and a hand cursor pointing to the 'uf' option. A vertical list of numbers from 0 to 10 is on the right side. At the bottom of the doubles court section are 'Use Tiebreakers' and 'Finish Court' buttons. Below this is a 'Singles Matches' section with a 'Click to show/hide' link. Underneath is 'Singles Court #1' with a 'Pairing' section for Z Morris (WSU) and B McRae (WSTN), and 'Game', 'Set 1', and 'Set 2' dropdowns.

4.1 Click 'Finish Court'

This screenshot is similar to the previous one, but the 'Finish Court' button in the 'Doubles Court #3' section is highlighted with a yellow circle and a hand cursor. The 'Set 2' dropdown now shows 'uf' as the selected option. The 'Singles Court #1' section is also visible, showing 'Z Morris (WSU)' and 'B McRae (WSTN)' with their respective 'Game', 'Set 1', and 'Set 2' dropdowns.

4.2 Select 'Finished or Abandoned' and save

5.1

You can edit pairings directly in the window and save your changes using the button at the bottom of the popup.

Please note that the same pairing rules apply (players cannot appear on more than one court and all pairings must be complete). Also any scores that have already been entered for the court will remain even if a pairing is updated with different players.

6. Adding additional exhibition courts

If you need to add additional courts (such as exhibition matches that will be played during the dual), you can do so at the bottom of the 'Edit Pairings' window.

Please note that only exhibition courts can be added mid-match. Match scoring rules must be set and changed prior to the beginning of scoring that match.

9. Turning off Auto-save functionality

By default, auto-save is enabled and will automatically save and update stats as you make changes. However, should you wish to deactivate this feature, simply uncheck the box near the top of the screen labeled 'Auto-save on updates'.

The screenshot shows the StatInput interface for a tennis match. At the top, there is a blue header with the text "In Progress". Below this header is a navigation bar with several buttons: "Edit Pairings", "Wrap Up Match", "Return/Exit", "Print Reports", "Update", "Save All Changes", and "Backup Match". On the right side of the navigation bar, it says "Current Status: Match up to date as of 9:36:59 PM".

Below the navigation bar, there are two checkboxes: "Auto-save on updates" (which is unchecked and highlighted with a hand cursor) and "Auto-sync changes" (which is checked).

The main content area is titled "Doubles Matches" and contains two sections for "Doubles Court #1" and "Doubles Court #2". Each section shows a pairing of players, a "Game" dropdown menu, and "Set 1" and "Set 2" score inputs. In the "Doubles Court #1" section, the pairing is Z Morris (WSU) and A Slater, with a score of 6 in Set 1. In the "Doubles Court #2" section, the pairing is S Powers (WSU) and R Belding, with a score of 6 in Set 1. There are also "Tiebreakers" sections for each court, with scores of 5 and 4 respectively.

9.1 When auto-save is disabled, you will be prompted to save changes after making an edit

Doubles Court #3

9.2 You must click 'Save Changes' on each court that changes to save updates

Updates will not be saved or pushed live automatically. If you navigate to a new page in your browser with this setting disabled, unsaved changes may be lost.

The screenshot shows the 'Doubles Matches' interface. At the top, there is a header 'Doubles Matches' with a 'Click to show/hide' link. Below this, there are two court panels. The first panel, 'Doubles Court #1', is inactive and shows a pairing of Z Morris (WSU) and A Slater vs B McRae (WSTN) and R Roe. The Game dropdown is empty, Set 1 is 6, and Set 2 is empty. There is a 'Reset' button. The second panel, 'Doubles Court #2', is highlighted with a blue border and a red warning message: 'Currently Editing: Changes not Saved'. It shows a pairing of S Powers (WSU) and R Belding vs J Smith (WSTN) and B Jones. The Game dropdown is empty, Set 1 is 6, and Set 2 is empty. There are 'Tiebreakers' input fields for Set 1 (6) and Set 2 (empty). There is a 'Reset' button. At the bottom of the interface, there is a 'Save Changes' button highlighted with a hand cursor, and a 'Finish Court' button.

9.3 Save all changes at once

If you have edited multiple courts at once, you can save them all simultaneously using the 'Save All Changes' button near the top of the page.

10. Auto-sync Changes

Auto-sync changes can be toggled on and off using the checkbox near the top of the page.

When enabled, Auto-sync changes will automatically update your screen with changes made to the match in another application or by another person. This can be helpful when you have multiple people keeping score for the same match to make sure that any changes made on another computer will show live on your screen as well.

You can also check for updated data at any time by clicking the blue 'Update' button near the top of the page.
