2. Managing Users for your StatInput Account

This guide will step you through managing user accounts on StatInput.

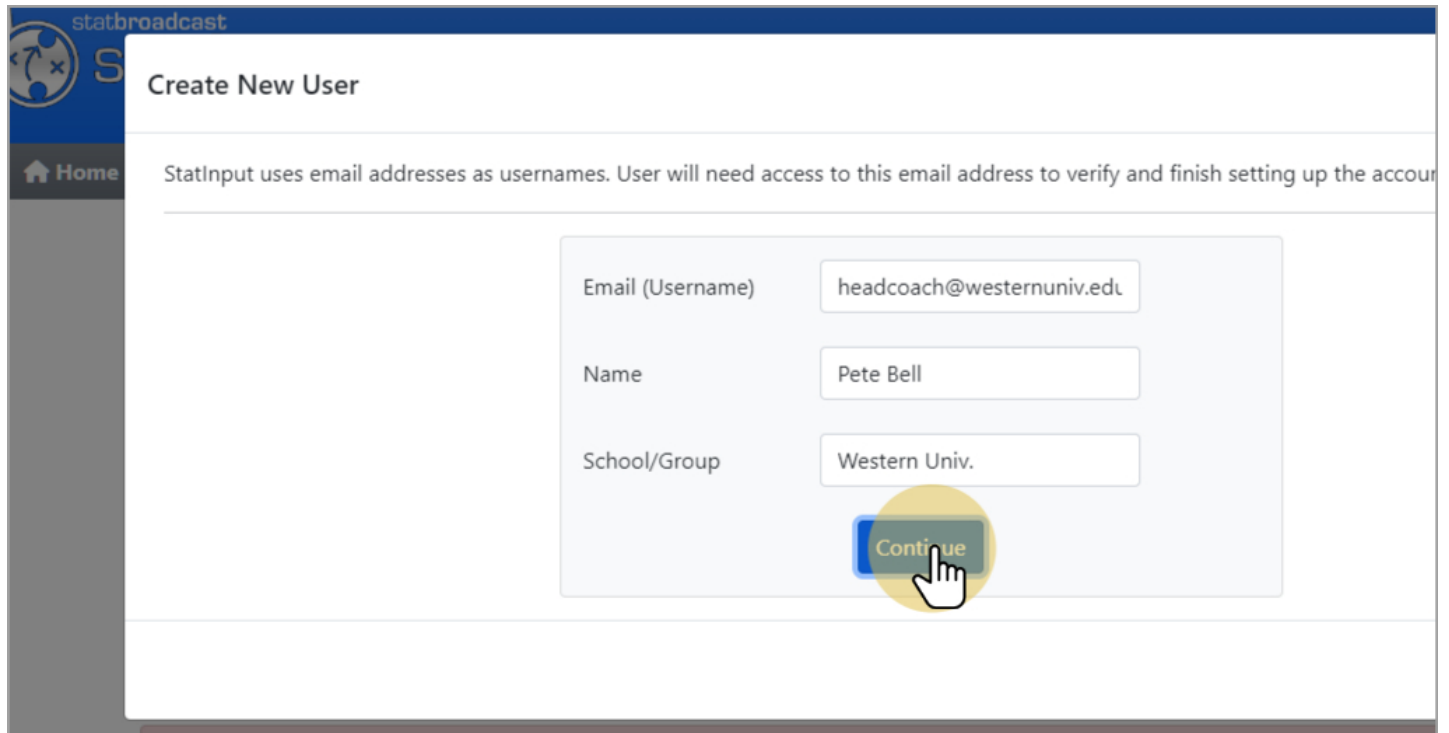

You can register additional members of your SID staff, student assistants and coaches so that they can use the app for score keeping from their own log in.

You can also deactivate accounts for staff members no longer with the university and resend verification emails to those users that did not receive them or they expired.

1. Enter details for new user

You'll need to enter an email address for your user (it cannot have been previously registered on StatInput) as well as enter the user's name.

Press Continue to create the user.

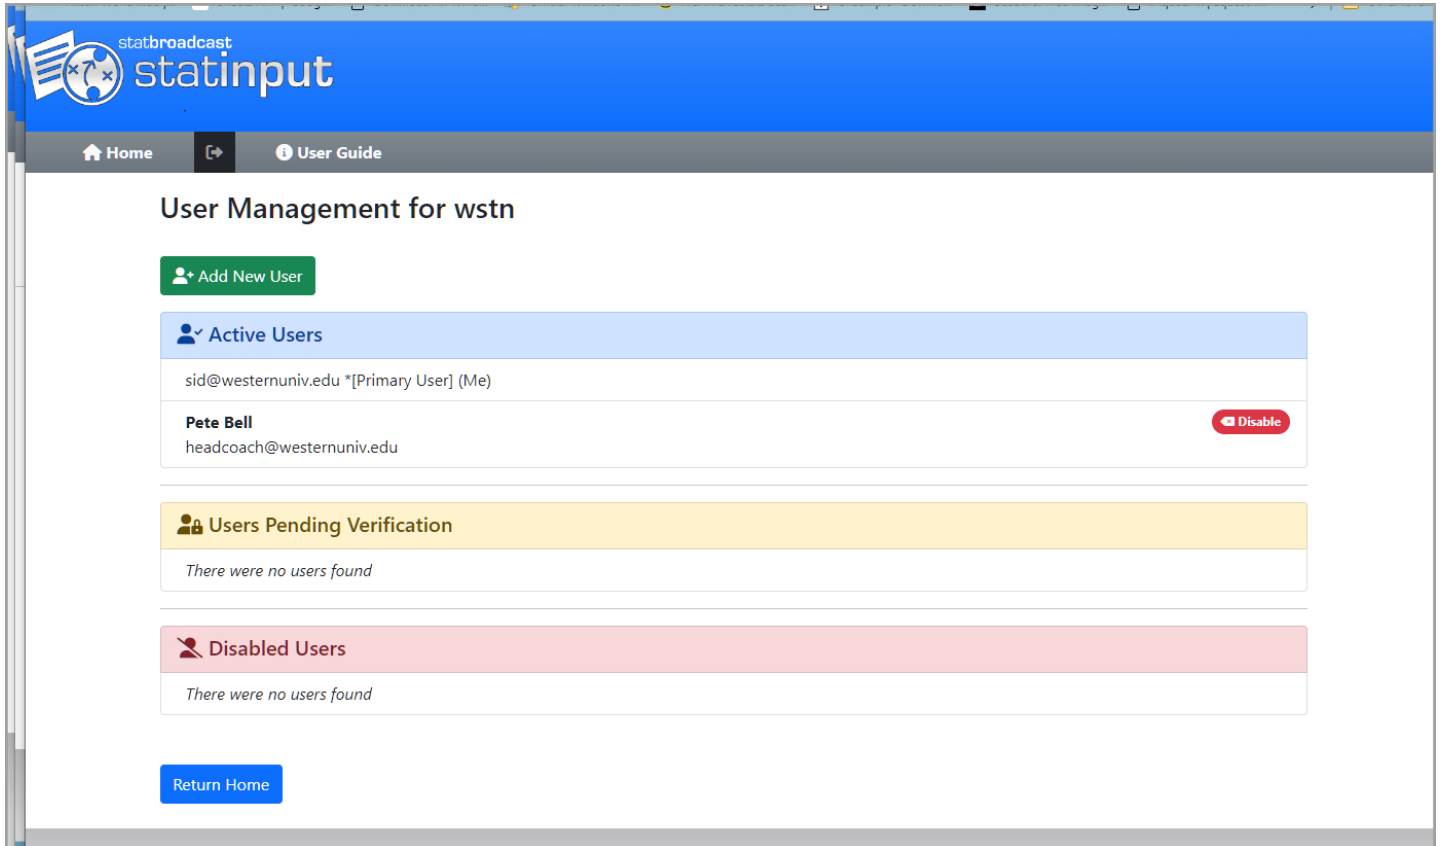

The screenshot shows the 'Create New User' form in the StatInput interface. The form is titled 'Create New User' and includes a navigation bar with 'statbroadcast' and 'Home' links. Below the title, there is a note: 'StatInput uses email addresses as usernames. User will need access to this email address to verify and finish setting up the account'. The form contains three input fields: 'Email (Username)' with the value 'headcoach@westernuniv.edu', 'Name' with the value 'Pete Bell', and 'School/Group' with the value 'Western Univ.'. A 'Continue' button is located below the input fields, and a hand cursor is pointing to it, indicating that the user should click this button to proceed.

2. User account creation is complete.

Your new user can begin using their account as soon as they verify their email address.

Please note that email verification links are only valid for two hours. If a user takes longer than that to verify, a new verification email will need to be sent.

The screenshot shows the 'User Management for wstn' page in the StatInput application. The page has a blue header with the 'statbroadcast statinput' logo and navigation links for 'Home' and 'User Guide'. Below the header, there is a green 'Add New User' button. The main content area is divided into three sections: 'Active Users' (blue header), 'Users Pending Verification' (yellow header), and 'Disabled Users' (red header). The 'Active Users' section lists one user: 'sid@westernuniv.edu *[Primary User] (Me)' and 'Pete Bell' with email 'headcoach@westernuniv.edu' and a 'Disable' button. The other two sections show 'There were no users found'. A 'Return Home' button is located at the bottom left.

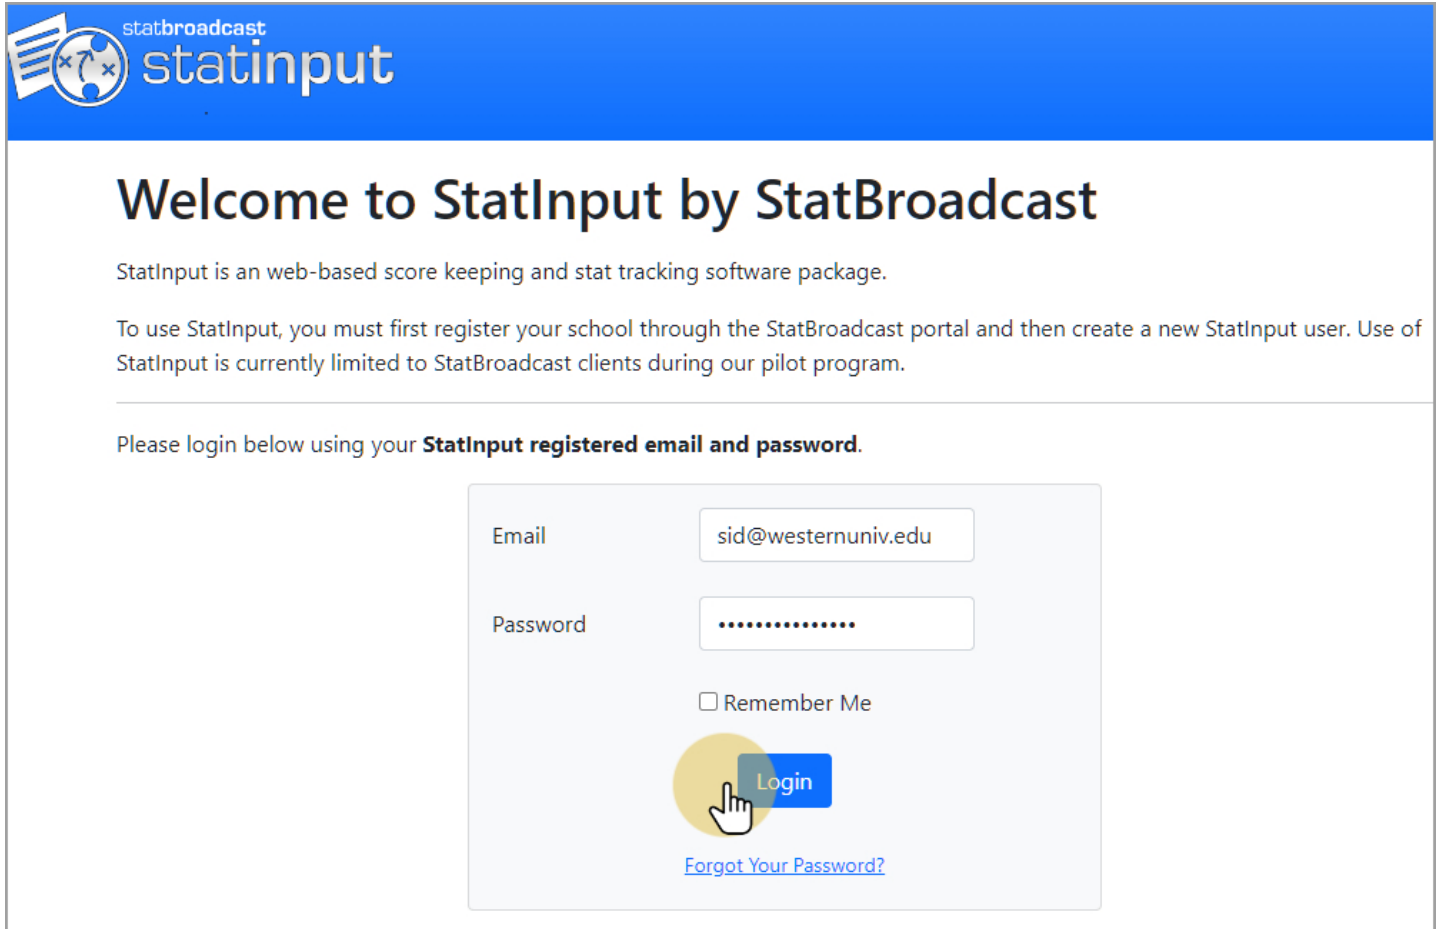

Active Users	
sid@westernuniv.edu *[Primary User] (Me)	
Pete Bell headcoach@westernuniv.edu	Disable

Users Pending Verification	
There were no users found	

Disabled Users	
There were no users found	

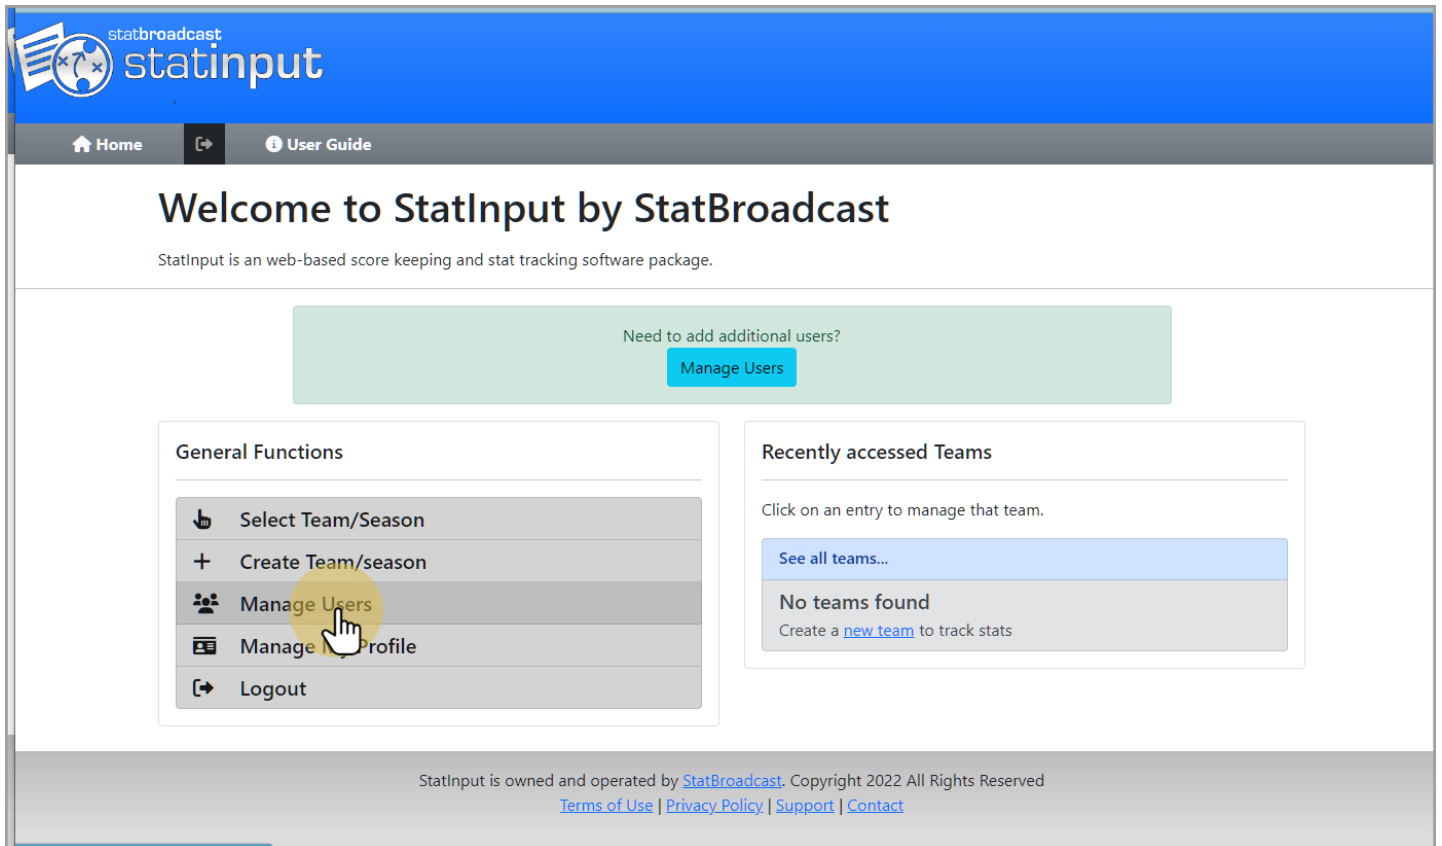

3. Log in to StatInput

Please remember to use the email/username and password you registered on StatInput. This is different than the login you use to access StatBroadcast admin.

The screenshot shows the StatInput login interface. At the top, there is a blue header with the 'statbroadcast' logo and the 'statinput' text. Below the header, the main heading reads 'Welcome to StatInput by StatBroadcast'. A paragraph explains that StatInput is a web-based score keeping and stat tracking software package. Another paragraph states that to use StatInput, users must first register their school through the StatBroadcast portal and then create a new StatInput user, noting that use is currently limited to StatBroadcast clients during a pilot program. Below this, a instruction asks users to login using their StatInput registered email and password. The login form contains an 'Email' field with 'sid@westernuniv.edu', a 'Password' field with masked characters, a 'Remember Me' checkbox, a blue 'Login' button with a hand cursor icon, and a blue link for 'Forgot Your Password?'.

3.1 Select Manage Users from the Main Menu

The screenshot shows the StatInput web application interface. At the top, there is a blue header with the 'statbroadcast' logo and the 'statinput' text. Below the header is a navigation bar with 'Home' and 'User Guide' links. The main content area features a large heading 'Welcome to StatInput by StatBroadcast' and a sub-heading 'StatInput is an web-based score keeping and stat tracking software package.' A green callout box asks 'Need to add additional users?' with a 'Manage Users' button. Below this, there are two main sections: 'General Functions' and 'Recently accessed Teams'. In the 'General Functions' section, the 'Manage Users' option is highlighted with a yellow circle and a hand cursor. The 'Recently accessed Teams' section shows 'No teams found' and a link to 'See all teams...'. At the bottom, there is a footer with copyright information and links to 'Terms of Use', 'Privacy Policy', 'Support', and 'Contact'.

4. Click Add New User

The screenshot shows the StatInput user management interface for Western Univ. At the top left, there is a blue header with the 'statbroadcast statinput' logo and a navigation bar with icons for home, back, and forward. The main title is 'User Management for Western Univ.'. Below the title, there is a green button labeled '+ Add New User' with a hand cursor icon pointing to it. Underneath, there is a section for 'Active Users' with a blue header. This section contains a table with one user entry: 'sid@westernuniv.edu *[Primary User] (Me)'. Below this entry, the user's name 'Pete Bell' and email 'headcoach@westernuniv.edu' are displayed, along with a red 'Disable' button. Below the active users section, there is a section for 'Users Pending Verification' with a yellow header, which contains the text 'There were no users found'.

5. Additional User functions

You can request a new verification email be sent to a user if they are unable to find the original or the link has expired.

The screenshot shows the 'User Management for Western Univ.' interface. It features a green 'Add New User' button at the top left. Below this are three main sections: 'Active Users' (blue header), 'Users Pending Verification' (yellow header), and 'Disabled Users' (pink header). The 'Active Users' section lists 'sid@westernuniv.edu *[Primary User] (Me)' and 'Pete Bell' (headcoach@westernuniv.edu) with a 'Disable' button. The 'Users Pending Verification' section lists 'SID Graduate Asst.' (info+westernntest@statbroadcast.com) with 'Resend Email' and 'Remove' buttons. The 'Disabled Users' section is currently empty, displaying the message 'There were no users found'.

5.1 Disable a user account

Unneeded accounts can be disabled, preventing access to the system from that login.

5.2 Reactivate a disabled account

Disabled accounts can be recovered.

The screenshot displays the 'User Management for Western Univ.' interface. It features three main sections: 'Active Users', 'Users Pending Verification', and 'Disabled Users'. The 'Active Users' section shows a single user: 'sid@westernuniv.edu *[Primary User] (Me)'. The 'Users Pending Verification' section lists 'SID Graduate Asst.' with email 'info+westerntest@statbroadcast.com' and buttons for 'Resend Email' and 'Remove'. The 'Disabled Users' section lists 'Pete Bell' with email 'headcoach@westernuniv.edu' and an 'Enable' button, which is highlighted with a hand cursor icon.
